**QUARTERLY COURT.**—This honorable Court will meet next Monday.

**INCREASING.**—Business on the Mississippi Central Railroad is increasing. We notice that a regular freight train comes and goes every day.

**AT HOME.**—Capt. Ed. Durrett, of the firm of Harkins & Durrett, arrived from the East last Saturday evening. He selected a large and varied stock of dry goods of all kinds.

**REV. W. H. THOMPSON** advertises his residence for sale. This is an excellent opportunity for some one to purchase an excellent home in Bolivar. See card in another column.

**YOUR BASKET.**—We would remind our good people that a few baskets full of food will be appreciated at the tournament grounds on next Friday. Who'll bring the largest? That's the question!

**HALF FARE.**—The Mississippi Central and the Memphis and Charleston Railroads will sell half-fare tickets to all who propose attending the grand tournament to be held here on the 11th of October next.

**FUN.**—We learn that there is to be a gathering of the youth and beauty at the tournament grounds this evening, for the purpose of witnessing expert horsemanship and successful tilting. Turn out, one and all!

**SUPERB PICTURES.**—Professor Y. Day, at his Art Gallery, corner of Main and Union streets, Memphis, is prepared to furnish you with the finest and best of photographs, Cooper, the celebrated portrait painter, is there also, and will be pleased to wait on you.

**LUCKY NUMBER.**—By calling at the drug store of C. M. O'Hara, you can get tickets in the Southern Asylum Lottery. Splendid real estate prizes. Drawing comes off at Hernando, Miss., 3d Monday in next October.

**CHOATE & CO.**—We refer our readers to the card of this reliable firm. Choate & Co. can be found at 232 Front Street, Memphis, where they keep constantly on hand a large stock of hardware, hubs, spokes, cutlery, stoves, tin-ware, etc.

**DRY.**—An almost unprecedented drought prevails in this section. The earth is as dry as a powder-house; grasses are dead and dying; the water courses are literally drying up; even the forests are suffering for the long needed rain. We have never seen such a dusty time in this county.

**Fleming, Ussery & Co.** are receiving a large assortment of seasonal goods. If you want a coat ask for Coates; he'll give you a fit any time. J. R. Richardson is the heavy man, while A. Eos. Fleming goes his weight on all goods in the ladies furnishing line! He's on the carpet you, you know.

**TO THE LADIES.**—As the grand gala day of the tournament is near at hand, of course you want the best of wearing apparel, and want "the clothes done up" in the best manner known to the washerwoman's art. Then go the store of Bills & Hill, and Charlie Gray will furnish you with starch gloss and imperial blue. We know that both the above preparations are cheap, excellent, and almost indispensable.

**THE TOURNAMENT.**—Next Friday is the day on which the grand tournament at this place, for the benefit of orphan children, will come off. Every arrangement necessary for the comfort of those in attendance will be made. The track is in splendid order, and seats are being put up for the accommodation of at least two thousand persons, and notwithstanding the hard times, it is expected that every one of them will be occupied by some one who willingly contributes a dollar to the orphans.

**NOTICE.**—The undersigned desire to give notice that they are now offering their entire stock of goods at cost, for cash. We have a great many desirable goods for fall and winter, and other goods suitable for all seasons. Our stock is broken to some extent, still persons can find nearly anything they may want in our line. We can and will sell great bargains. The public are invited to call and examine.  
Respectfully,

**TEXAS TONIC SYRUP.**—Enterprises and Issues of the Age.—All ages have been characterized by events and issues which indicate the progress of mankind. Nations have had their rise and fall; eighteen hundred years have stamped their footsteps on the past, but have left no parallel to the many remarkable enterprises and discoveries of the present age. One of these, and a beneficial one, is that new medicine introduced by Mansfield & Higbee, Chemists of Memphis, Tenn., called Texas Tonic Syrup, which is a sure and never failing remedy for the worst cases of Fever, and Ague or Chills and Fever which it has never failed to cure.

**NEW COTTON.**—Yesterday several bales of new cotton were brought into town and sold at what may justly be termed ruinous rates to the producer. The old saying, "a bad beginning makes a good ending" must be verified in "these parts" or else heavy losses will be sustained by planters and farmers generally. The idea of superior middling cotton selling for 134 cents per pound! and this coupled with the fact that all through last winter and the spring months people were compelled to pay 20 and 25 cents a pound for bacon and \$1.50 per bushel for corn! Some body is hurt!

**D. I. WELLS & Co.**—We call the attention of the public to this well-known and long established firm, and take this occasion to say that they have on hand and for sale a magnificent assortment of watches, chains, lockets, pendants, and jewelry of all descriptions, all of which will compare favorably with goods of a similar kind to be found in any market. Wells & Co. give special attention to the repairing of watches and clocks, and manufacture masonic and other jewels to order.

**REMEDIES FOR FARMERS.**—All heads of families should bear in mind the great importance of selecting genuine remedies for the use of their family. Buy with reason, judgment and discretion. Buy those which are prepared by physicians who are experienced in Southern treatment if possible. Buy those which you think are best. The "Great Southern Preparations" are a class of family medicines prepared specially for the Southern people by Southern physicians. See advertisement C. M. O'Hara, agent, Bolivar.

**SALE OF LAND.**—Next Monday, at the Court House door, Sheriff McCarley will sell twelve or fifteen tracts of valuable land. Owing to the scarcity of money bargains may be expected. Persons interested should be on hand. Attend the sale and procure a home. The land will be sold by order of Court.

During a recent interview with an old Tennessee friend, the purport of which has been retailed publicly, Mr. Johnson stated he would take his final stand against Congress by resisting its right, if it was assumed, to suspend him during the progress of the impeachment trial, if he was impeached. So many "ifs" spoil the threat, but it is probable that the first opportunity afforded the President to take a stand against Congress on this subject will be to veto a bill providing for a suspension from office of all public officers who have been impeached until they have been tried, which will undoubtedly be introduced and passed early in the session.

**DIRECT TRADE.**—We are informed that two vessels sailed on the 22d from Memphis to Memphis. One of them is a steamer and the other is a sailing vessel. They are loaded with the direct importations of Messrs. Filbert, Minter & Walker, and will arrive here about the latter end of this month. On the steamer will come Mons. Filbert, head of the Memphis firm, and Major Joseph Barbieri, who have been ransacking the markets of France for months in order to prove to the citizens of Memphis that direct importation will be a success. Too much credit cannot be given these gentlemen for the enterprise they have exhibited, and we hope that a cornucopia of success will award their efforts.—Memphis Avalanche.

**Doughty Gov. Geary.**—Gov. Geary, of Pennsylvania, in a speech at Pittsburg on the 26th, thus proclaimed his readiness to enter upon the threatened Jacobin revolution:

You will, perhaps, be called upon to decide whether the base, bad man, who happens to be at the head of the government, or a Congress, elected by the loyal people of this glorious nation, shall make laws for you. This bad man says he will be dictator or king, in defiance of Congress, and if he persists in this course, and attempts to brow beat the government, I tell you as sure as you are men, I will call on you, as citizens of Pennsylvania, to assist in hurrying this usurper from his seat.

Martin B. Gorman and three of his employees have been arrested in Philadelphia. Gorman commenced business in Cincinnati some years ago, it is said, by getting up and circulating counterfeit fifty cent notes. He has lately become the most extensive counterfeit in the world, having put in circulation nearly \$400,000 of bad money. The detectives seized his presses, lathe, and a large amount of the "queer." He had a great deal of good money about him, and his bank accounts will be attached. The arrest creates quite a sensation.

The National Republican Executive Committee has agreed upon Chicago as the place for the meeting of the National Republican Convention.

The steamer Lady Pike was sunk on the upper Mississippi on Sunday by a collision with the steamer Hudson.
